Welcome

Welcome to the International Conference on Computers Helping People with Special Needs, ICCHP 2026!

I am delighted to welcome everyone to ICCHP 2026! I have been attending the conference regularly since 1994 and from the very first conference I knew I had found my community in this group of researchers, teachers, practitioners, policy makers, users and anyone else interested in assistive technologies and accessibility.

It is the most welcoming and inclusive community you can imagine, a wonderful opportunity to network, hear about the latest research, practice and policy, share your own work if you wish, and meet people with similar interests from all over the world.

If this is your first ICCHP conference, I warmly welcome you to our community, if you are returning, welcome home!

Come and get involved, make your own network!

A handwritten signature in blue ink that reads "Helen Petrie".

Helen Petrie Phd AFBPsS CPsychol FRSA

(Pronouns: she/her/hers)

General Chair ICCHP26

Professor Emerita of Human Computer Interaction Department of Computer Science,
University of York, UK

Topics

<https://icchp.org/topics-26>

ICCHP focuses on **Digital Inclusion, Assistive Technology (AT), Accessible ICT (eAccessibility)** for people with disabilities, older adults and their support/education/care environment. **ICCHP** fosters independent living, participation, inclusion and improved services and support. By its nature, **ICCHP** is concerned with wide range of topics in research and practice of these evolving disciplines and related fields. A glossary of topics related to the conference is provided at <https://icchp.org/topics-26>

ICCHP is open to visionary ideas and future oriented thoughts – COME AND GET INVOLVED!

Key Dates and Contribution Deadlines

<https://icchp.org/key-dates-26>

Science Track - LNCS & Open Access Compendium (OAC) Contributions

Deadline for proposing Special Thematic Sessions (STS)	January 26, 2026
Deadline for Extended Abstracts	February 9, 2026
Deadline for reviews	March 9, 2026
Notification of acceptance	March 23, 2026
Deadline for camera-ready papers and speaker registration	April 16, 2026

Innovation Area

Deadline for activity proposals: Workshops, seminars, meetings, posters, product/service/project/practice exhibition ...	May 24, 2026
---	--------------

Young Researchers' Consortium

Deadline for submissions	May 18, 2026
--------------------------	--------------

General Deadlines

Preliminary Program	May 18, 2026
Early Registration Deadline	May 25, 2026
Deadline for Nominations for the ICCHP OCG Roland Wagner Award	June 22, 2026
(Pre)Conference	July 13 – 17, 2026

Call for Contributions

<https://www.icchp.org/call-26>

For more than 35 years, **ICCHP** has been highlighting the role of technology, in particular digital technology, for independent living, participation and inclusion and improved services and support. Most importantly, the conference is open to all visionary ideas and future oriented thoughts supporting our mission, from all over the globe. **COME AND GET INVOLVED!**

We are looking forward to welcoming your contribution to the following parts of the conference:

1. **Science, Research and Engineering Contributions:** Scientific papers which will be peer-reviewed by the Scientific Committee for presentation at the conference and publication. For Science, Research and Engineering contributions we invite experts to organize Special Thematic Sessions (STS) for a comprehensive and focused discussion in very particular domains.
2. **Innovation Area Contributions:** Activities in different formats which will be reviewed and selected by the Program Committee:
 - Workshops, seminars, tutorials and educational sessions with you as facilitator/conductor/teacher
 - Panel discussions and/or consensus building sessions guided by yourself and your colleagues
 - Project presentations and demonstrations
 - Product and service exhibitions and presentations
 - Meetings in open or closed (invited only) format
3. **Young Researchers' Consortium (YRC) Contributions**, which are peer reviewed by our Young Researchers Committee. Young researchers are also encouraged to submit a paper for publication.
4. **ICCHP Roland Wagner Award** in the range of 3000€ calls for nominations of outstanding experts, research, organizations, projects, events or services in our field. The Award Committee will select the Awardee 2026.

1. Science, Research and Engineering Contributions

ICCHP provides two publishing options for scientific contributions to welcome and facilitate cross-disciplinary discussions and to address a diverse target audience. Based on the topic and nature of your scientific contribution, please carefully select the right publication option. Both options use different policies and formats. All contributions will be reviewed by the Scientific Committee using the same structure and deadlines!

A) Springer Science, Research and Engineering Proceedings (Springer LNCS)

<https://icchp.org/submission-26>

The conference invites interested participants to publish original science, research and engineering work related to Assistive Technology, eAccessibility and eInclusion in the Springer Lecture Notes in Computer Science (LNCS) proceedings. This option aims at scientific excellence and selects papers in technology/engineering in a double blind, two step peer-review process (acceptance rate ~60%).

Volumes published in LNCS are made available to the following indexing services:

- ISI Conference Proceedings Citation Index - Science (CPCI-S), included in ISI Web of Science
- EI Engineering Index (Compendex and Inspec databases)
- ACM Digital Library
- DBLP
- Google Scholar
- IO-Port
- MathSciNet
- Scopus
- Zentralblatt MATH

Registration to the conference by at least one author per paper is mandatory!

For two or more papers by the same author, an additional paper fee applies.

Key Info:

Step one: Well-detailed extended abstracts of original, unpublished work

- 3 – 5 pages
- Prepared for double blind review

Check our Guidelines: <https://icchp.org/submission-26> for info!

- Upload: Via the Conference Management System - <https://icchp.org/registration-26>
- Deadline: **February 9, 2026**

- Reviewed by 3 experts
- Notification of Acceptance: **March 23, 2026**

Step two: Camera Ready version of accepted papers

- 6 - 8 pages in camera ready LNCS format (including pictures and references)
- Additional pages (up to a max of 12 pages per paper) may be purchased – additional fees apply!
- Guidelines: <https://www.springer.com/de/it-informatik/lncs/conference-proceedings-guidelines>
- Upload: Via the Conference Management System - check <https://icchp.org/registration-26> for further info
- Deadline: **April 16, 2026**

Step three: Onsite presentation at the conference (timeslots of approximately 20 minutes including discussion)

Open Access (OA) Policy:

Springer offers the option of making your publication open access. Please follow

<https://www.springer.com/gp/computer-science/lncs/open-access-publishing-in-computer-proceedings>

Authors must indicate their intention to publish Open Access during upload – for each camera-ready paper.

The open access fee will be directly invoiced by Springer and/or its associates once the digital OA publication is ready.

B) ICCHP Open Access Compendium “Future Perspectives on Accessibility, AT & Digital Inclusion”

<https://icchp.org/submission-26>

The conference invites interested participants to publish their scientific work focusing on social, political, legal, medical, psychological, educational and other interdisciplinary aspects related to ICT/AT/eAccessibility in the digital edition of the **ICCHP Open Access Compendium (OAC) “Future Perspectives on Accessibility, AT and Digital Inclusion”**.

The OAC series invite to publish original basic and applied scientific R&D from diverse fields without restriction to engineering (see LNCS). OAC aims to provide from an interdisciplinary and cross-sector perspective a good overview of advancements into the user-, practice- and service-driven domains of AT, Accessibility and (e)Inclusion (please refer to the list of topics at the end of the Call). Progress and success are based on the interaction with, contribution by and participation of all stakeholder groups (e.g., users, end user organizations, service providers, policy, administration, industry, NGOs). Every voice counts in the exchange on the impact of R&D on practice and in domains in need of creative and innovative R&D and co-operation.

Exchange and co-operation between practice and R&D is a key asset for technical and social innovation. We invite interested authors coming from diverse domains and disciplines to submit extended abstracts of research work, but also more practice-oriented concept papers, models, reports, and position papers on topics related to our field. The compendium will also include contributions from the Forum part of the program (see below). These contributions will support a creative and innovative program facilitating cross-sector and cross-stakeholder interaction and dissemination.

Registration to the conference by at least one author per contribution is mandatory!

Key info:

Step one: Abstracts of original, unpublished work

- 3 – 5 pages
- Prepared for double blind review

Check our Guidelines: <https://icchp.org/submission-26> for info!

- Upload: Via the Conference Management System - <https://icchp.org/registration-26>
- Deadline: **February 9, 2026**
- Reviewed by 3 experts
- Notification of Acceptance: **March 23, 2026**

Step two: Final version and publication in the digital edition of the ICCHP Open Access Compendium (OAC) “Future Perspectives on Accessibility, AT and Digital Inclusion”

- 4 – 8 pages
- Guidelines: <https://icchp.org/submission-26> – template for final version provided as soon as possible!
- Deadline camera ready version: **April 16, 2026**

Step three: Presentation at the conference (timeslots of approximately 20 minutes including discussion)

C) Special Thematic Sessions

<https://icchp.org/submission-26>

ICCHP invites leading experts to organize Special Thematic Sessions (STS) to present a focused, detailed and comprehensive view to specifically defined topics of particular interest. STSs therefore welcome both LNCS and Open Access Compendium contributions. This should facilitate a broader view and interdisciplinary and cross-stakeholder discussion/exchange.

STS Chairs advertise the session in their own communities and networks. **ICCHP** announces STSs on its web page and allows contributors to select an STS for their paper(s) during the submission process. Special thematic sessions must be proposed by **January 26, 2026**.

The Review Committee will evaluate proposals of STSs and negotiate in case of overlapping proposals. The inclusion of an STS in the final program and in one of the Conference Proceedings is subject to a minimum of four accepted papers. STS Chair(s) are invited to compile and publish an introductory paper to the STS in the proceedings (6 - 8 pages in camera ready LNCS or OAC format) at no additional cost.

Please note, that STS chairs have to decide, which scientific publishing option they will use, applicable for all contributions submitted to the STS.

The deadline for the camera-ready STS introductions is **April 16, 2026**. More info at: <https://icchp.org/sts-26>

2. Innovation Area

<https://icchp.org/submission-26>

ICCHP strives to strengthen dialogue, exchange and cooperation between stakeholder groups in the field of Technology and Disability by inviting end users and their organizations, service providers, educators, policy makers, administrators. Our Innovation Area is the ideal place for having that dialogue, to showcase your projects, products, services, organizations, posters and for disseminating, communicating and demonstrating your work, experience, know-how and ideas to the diverse but comprehensive audience. Learning from each other is a key asset for technical and social innovation - your contribution counts!

ICCHP therefore calls for organizing activities supporting and strengthening community building using formats as:

- workshops
- seminars
- tutorials
- panels and discussions
- other types of meetings (e.g. open or closed project meetings)
- exhibition of
 - projects
 - products and prototypes
 - services
 - posters

Feel invited to consider and propose also new and innovative formats for exchange and cooperation. We are more than happy to support you!

Innovation Area activities will be supported by the organizing committee on a first come - first serve basis. The conference provides basic facilities like poster walls, some rooms and WiFi for free. Basic showcasing facilities (tables, chairs and power supply) will be made available. Other amenities and services (e.g. video projector, sound system, video projection or catering) are provided upon negotiation with and confirmation by the conference organizers. They will be invoiced on a self-cost basis. Get in touch as soon as possible!

ICCHP promotes, disseminates and advertises activities before and during the conference. We invite you to display and disseminate information materials to support visibility of your valuable work.

Registration to the conference is mandatory to run Innovation Area activities!

Key Info:

Submit your Innovation Area contribution online using the according category ("ICCHP Innovation Area"; you need an account with the Conference Management System to announce your activities!

Upload an outline of your contribution (Guidelines will be added, soon).

Deadline: **May 24, 2026**

Proposals will be evaluated on a first come – first serve basis

Consider publishing your valuable activity and know-how in our LNCS or OAC publication. Please refer to the above description and deadlines for this publishing option (**February 9, 2026** for Extended Abstracts).

3. Young Researchers' Consortium (YRC)

<https://icchp.org/yr-26>

We encourage young researchers in the field and academic or industrial advisors of doctoral students in AT, (e)Inclusion, Digital Inclusion and related fields to consider the YRC as a possibility to progress R&D and get involved in international exchange. Selected students will be invited to take part in a one-day pre-conference event. The top-rated contributions will be presented in a plenary session.

Costs for participation and accommodation in a student hostel (5 nights) for up to 10 Young Researchers with accepted contributions will be covered.

Interested students are asked to submit extended abstracts of their work by **May 18, 2026**.

Please see <https://icchp.org/yr-26> for more info.

Also consider publishing your valuable activity and know-how in **OAC or LNCS**. Please refer to the above descriptions and deadline for the publishing options (**February 9, 2026** for Extended Abstracts).

*Margot Madina (Germany, left), Awarded Young Researcher 2024
with chairs Deb Fels (Toronto Metropolitan University), right, and Martin Morandell (Smart in Life) in the middle.*

4. ICCHP OCG Roland Wagner Award

<https://icchp.org/award>

The Austrian Computer Society announces the biannual Roland Wagner Award on Computers Helping People with Special Needs in the amount of € 3000.

Awardees are announced at the conferences.

Please submit **nominations** for the Award by email to [office\(at\)icchp.org](mailto:office(at)icchp.org) by **June 22, 2026**.

ICCHP Roland Wagner Awardees

- Award 12** Inmaculada Placencia-Porrero, Directorate-General Employment, Social Affairs and Inclusion at the European Commission
- Award 11** Deborah Fels, Toronto Metropolitan University, Toronto, Canada
- Award 10** Jan Engelen, University of Leuven
- Award 9** NVDA, Michael Curran & James Teh
- Award 8** Dominique Burger, BrailleNet, Inserm, France
- Award 7** Shared Award for:
Masakazu Suzuki (Kyushu University), Japan
Art Karshmer (University of San Francisco), USA
- Award 6** The TRACE Center, USA / Gregg Vanderheiden
- Award 5** Shared Award for:
Harry Murphy (Center on Disabilities at California State University), USA
Joachim Klaus (Study Center for the Visually Impaired, Karlsruhe University), Germany
- Award 4** Daisy Consortium, USA / George Kersher
- Award 3** Larry Scadden (National Science Foundation), USA
- Award 2** Paul Blenkhorn (For scientific work in software development in AT), UK
- Award 1** WAI-W3C, USA / Judy Brewer
- Award 0** Roland Wagner (Initiating award on the occasion of Prof. Wagners 50th birthday), AT

Organizational Details A – Z

Rates & Fees

<https://icchp.org/registration-26/>

Participant Status	Rate in € (incl. 21% VAT)		
	Early Bird / Authors until May 25, 2026	Standard May 26 to June 30, 2026	Late / On-site after June 30, 2026
Regular ¹	550	600	670
Discounted ²	300	330	370
One Day ³	280	300	340
Personal Assistants ⁴	120	120	120
Additional LNCS paper	300		
Additional LNCS page	75		

All rates are **incl. 21% VAT**.

Accessibility

<https://icchp.org/onsite-26> and <https://icchp.org/access-26> (asap)

We are committed to accommodating people with diverse needs and abilities.

In order to arrange for services for your individual situation, please contact us as soon as possible at [office\(at\)icchp.org](mailto:office(at)icchp.org). Please make sure to let us know about your specific needs by the time of conference registration.

Information on available services at **ICCHP** can be found asap at <https://icchp.org/access-26> in due time.

Help and support is available at the **ICCHP** Info Desk throughout the whole conference.

Please contact us for any needs and requests.

Accommodation

<https://icchp.org/onsite-26>

Accommodation has to be organized by participants themselves.

Information on the venue and possible accommodation can be found at <https://icchp.org/onsite-26>

However, **ICCHP** considers streaming of selected events as opening / plenary sessions and Keynotes / Award Ceremony / Closing Ceremony and selected presentations.

¹ Full access to all sessions, including reception, lunches and refreshments.

² For Full Time Students/Retirees (NOT available for Authors and Presenters) AND for Participants from Non-High-Income Countries; full access to sessions, reception, lunch/refreshments.

³ Full access to all sessions on chosen day (incl. reception), lunch/refreshments. NOT available for Authors/Presenters

⁴ Participant Status “Personal Assistant” is NOT available for Authors and/or Presenters of submissions

Cancellation Policy

- The registration of participation is binding.
- For cancellations until **June 15, 2026**, we charge a service fee of **EUR 100 (+21% VAT)**. For publishing authors and later cancellations no refund can be made. The date of receipt shall be decisive. Participants, who do not cancel and do not attend, will still be responsible for the full registration rate. The participant has the right to appoint a substitute at any time without additional cost.
- All cancellations and changes must be submitted in written form – with indication of full name, invoice number and bank details for reimbursement – to: office@icchp.org.
- The participation fees are owed upon registration and are payable within 7 days following submission of the registration (but not later than 7 days before the starting day of the event).
- Participation is not guaranteed until full payment of the registration fee is received.
- The conference program may be subject to changes. The Organizer reserves the right to modify the content of the program, the speakers and the times of presentations.
- Payments will be refunded if the conference will be canceled by the organizer. In that case, the organizer will have no further liability to the client. Registrations remain valid if the conference has to be postponed.

Info Desk

One Stop Service Point for your stay on site.

Get your way to or info on a cultural event, book a taxi or check the public transport schedule, get information on the programme or arrange your accessibility services (for registered participants without personal assistant).

More at: <https://icchp.org/onsite-26>

Official Language

We appreciate the extensive participation of the international community in this conference.

The official language of the conference is English.

Organization: ICCHP is held as a fully in presence, face to face event

ICCHP is planned as a **full in-presence event, face 2 face event**.

Presenters are expected to be at the conference **in person**.

A remote presentation can take place when 1) explicitly agreed in 2) written communication with 3) the programme chair, 4) upon sending a tested and playing video presentation, 5) all settled until July 1, 2026 - 6) only in exceptional cases and 7) explicitly with Q&A by eMail afterwards (NO LIVE Q&A!).

Social Events

ICCHP is committed to extending the concept of open inclusive society to the real world. Culture and art are powerful vehicles to support a change in awareness, understanding and attitudes regarding inclusion and participation in society. **ICCHP** invites you to sociable events for getting to know, meet ups and networking - open to all registered delegates. More at: <https://icchp.org/social-26>

Registration

The online registration form is available at: <https://www.conftool.com/icchp2026>

Venue

ICCHP 2026 takes place at

Faculty of Arts, Masaryk University

Arne Nováka 1

602 00 Brno, Czech Republic Find it on [Google Maps](#)

Information on the venue and accommodation can be found at <https://icchp.org/onsite-26>
